

**VENUS**  
height 1720 mm, lenght 595 mm. Standard White finish (cod. 01).

**Technical features:**

- steel towel warmer radiator
- horizontal elements featuring round tubes with a 23 mm diameter
- side manifolds with a 40x30 mm semioval section
- manifold threading and central connections (50 mm) 1/2" Gas right
- maximum working pressure 8 bar
- maximum working temperature 95°C

**Price included:**

- 4 white infratube for wall fixing for VENUS white and 4 chromed infratube for wall fixing for VENUS coloured
- 1/2" air vent

**Finishes available      Surcharge**

- Standard White
- Classic finished
- Special finished
- Other RAL colors

Finishing codes see page 596.

**Connections**

**Connection dimensions with IRSAP valves**

For other types of connections see pag. 414

(\*) Thanks to the high performance of Irsap VENUS radiators, the ideal Δt for low temperature projects is Δt at 30°C.

For Δt different from 50°C use the formula:  $Q = Q_n (\Delta t / 50)^n$

To order a radiator in the mixed version put the code of the Standard version + the code of the corresponding electric heater

Example: Mod. 1462 x 740: **MIL075 B 01 IR 01 NNN** (€ 207,84) + **ANRES1000WDI** (€ 197,29) = Tot. € 405,13
